FORNES CLEMENT

IT ENGINEER INTERNSHIP

PROFILE

I am a French student in my fourth year of engineering school, and I am seeking an 18-week internship opportunity in Canada starting from June 2024 as part of my international mobility.

EDUCATION

Engineering School, CESI, Aix-en-Provence

October 2022 - Present

Admitted in the third year of the computer engineering apprenticeship program

CPGE TSI, Lycée Antonin Artaud, Marseille

September 2020 - July 2022

Preparatory class for engineering schools specializing in industrial technology and sciences

Baccalaureate, Lycée Saint-Louis, Gignac-La-Nerthe

September 2016 - July 2020

Obtained the STI2D (Science and Technology of Industry and Sustainable Development) baccalaureate with honors, specializing in Information Systems and Digital Networks

PROFESSIONAL EXPERIENCE

IT Intern, TEA MARSEILLE

Over the past few months, I have developed tools in VBA and Python to streamline daily tasks for users, automate recurring actions, and created an Android and iOS application for managing vehicle fleet entries and exits.

Internship, ATOS

Assisted an engineer for one week, gaining insights into the role of an engineer within a company and its significance.
